

Creative Playdates

March 27th 2026
1PM - 3PM

Join us for a relaxing afternoon of painting as we welcome spring with soft, beautiful watercolor blooms. This creative playdate is all about slowing down, enjoying the process, and letting your imagination gently flow onto the page.

No experience needed — whether you're a beginner or a seasoned artist, this space is for you. We'll explore simple watercolor techniques, calming brush strokes, and create our own unique spring-inspired flowers to take home.

Come for the art, stay for the connection, and leave with something beautiful — both on paper and in your heart. 🌱💛
